

# ALTA 2018

19 - 26 May  
Perth, Australia

## ABOUT ALTA 2018

**ALTA 2018**, organised by ALTA Metallurgical Services, is the 23<sup>rd</sup> year of one of the world's premier annual metallurgical events. The conference is an annual gathering of the global Nickel, Cobalt, Copper, Uranium-REE and Gold-PM industries and features highly focused programs, topical forums and presentations by key international speakers. Held over eight days at Pan Pacific Perth, it comprises three technical conferences, three practically-oriented short courses, social functions and an international trade exhibition.

This conference will be an outstanding platform for exposing the latest worldwide developments in plant operations, process technology, new projects, testwork & scale-up, process modelling & control systems, application of mineralogy & geometallurgy, R&D, equipment, reagents, materials, tailings disposal and environmental alleviation. The event provides an excellent opportunity to network with a wide variety of key industry professionals and showcase products and services to decision-makers in the pertinent field.

PROGRAM OVERVIEW							
Saturday 19 May	Sunday 20 May	Monday 21 May	Tuesday 22 May	Wednesday 23 May	Thursday 24 May	Friday 25 May	Saturday 26 May
SHORT COURSE	SHORT COURSE	CONFERENCE SESSIONS					SHORT COURSE
A-Z of Copper Ore Leaching	SX and its Application to Copper, Uranium & Nickel-Cobalt	<b>Nickel-Cobalt-Copper</b> <i>Including Hydroprocessing of Sulphides Forum &amp; Panel</i>			<b>Uranium-REE</b> <i>Including Uranium Ion Exchange Forum &amp; Panel</i> - in parallel with - <b>Gold-PM</b> <i>Including Refractory &amp; Complex Gold Ores Forum &amp; Panel</i>		Uranium Ore Processing
		Welcome Reception	Conference Dinner		Happy Hour		
EXHIBITION							

## OPPORTUNITIES FOR PARTICIPATION

### Present

- 50% discount off registration fees (one per paper).
- Network with other presenters at the Presenter Breakfast.
- Generous 30-minute timeslots.
- Opportunity to update papers after the conference prior to distribution of final proceedings.

### Sponsor

- Outstanding promotional opportunities including networking functions and conference merchandise.
- Includes one complimentary registration to the associated event/s and discount fees for additional staff.
- Sponsor logo and link on conference website, viewed annually by 40,000+ visitors from 140+ countries.

### Exhibit

- Exhibition open to external visitors, with free entry during visitor hours.
- Includes one complimentary registration to the associated event/s and discount fees for additional staff.
- Exhibitor logo and link on conference website; viewed annually by 40,000+ visitors from 140+ countries.

### Attend

- Three international conferences in one week. Flexible registration structure.
- Three pre and post conference technical short courses.
- Networking functions.

# ALTA Metallurgical Services

*Celebrating 31 Years of Service*

ALTA Metallurgical Services (**ALTA**) was established by metallurgical consultant **Alan Taylor** in 1985, to serve the worldwide mining, minerals and metallurgical industries. **ALTA** offers a wide range of services and resources to the metallurgical industry.

## Consulting

High-level metallurgical and project development consulting.

## Short Courses

Practically-oriented short courses presented by Alan Taylor. Topics include treatment of nickel laterites, copper ore leaching, uranium ore processing, copper SX-EW, heap leaching and solvent extraction.

## Conferences

ALTA conferences are one of the world's premier annual metallurgical events. [ALTA 2017](#) is the 22<sup>nd</sup> annual conference and will be held 20-27 May in Perth, Australia. The event comprises three technical conferences, three short courses and an international trade exhibition. It features a highly-focused program, topical forums and presentations from key international speakers.

## Publications

Proceedings and manuals from ALTA conferences, seminars and short courses.

## MetBytes

Free technical articles offering metallurgical commentary and insights.

## Free Library

Includes proceedings from 1995-2014 Nickel-Cobalt-Copper, Uranium-REE and Gold-PM conferences for free download (1150 papers). The library will be expanded regularly, providing a major ongoing resource to the industry. A selection of papers from recent conferences are also available.

Alan has over 40 years' experience in the metallurgical, mineral and chemical processing industries in Australasia, New Zealand, North and South America, Africa, Asia and Europe. He has worked in metallurgical consulting, project development, engineering/construction, plant operations, plant start-up and technology development. Projects and studies have involved copper, gold/silver, nickel/cobalt, uranium and base metals.

Since 1985, as an independent metallurgical consultant, Alan has as undertaken feasibility studies, project assessment, project development, supervision of testwork, flowsheet development, basic engineering, supervision of detailed engineering, plant commissioning and peer reviews and audits. Clients have included a variety of major and junior mining, exploration and engineering companies throughout Australia and overseas.

Extensive experience in:	...including
