

## 2<sup>ND</sup> INTERNATIONAL CONFERENCE CLAYS, CLAY MINERALS AND LAYERED MATERIALS – CMLM2013

**CMLM 2013 ...**

St Petersburg, 02-06 September, 2013

Previous 1<sup>st</sup> International conference Clays, Clay Minerals and Layered Materials was in Zvenigorod, Moscow region at 2009. Abstract book of the CMLM2009 is available here: <http://www.econf.info/CMLM2009>. The present meeting is devoted to the study of clay minerals and layered materials and their industrial applications. The conference has an interdisciplinary character. It is aimed to join specialists in the different fields of fundamental and applied science.

### **Organization and support:**

Russian Academy of Science, Institute of Ore Geology, Petrography, Mineralogy and Geochemistry RAS, Clay Commission of Russian Mineralogical Society, Russian Clay Group, Geological Faculty, St Petersburg University, Institute of Precambrian Geology and Geochronology RAS

### **Chairs:**

Prof., Dr. Victor A. Drits, Russia (Geological Institute RAS, Russia)

Prof., Dr. Jan Srodon, Institute of Geological Sciences, PAS, Poland)

### **Co-Chair:**

Dr. Victoria Krupskaya, Institute of Ore Geology, Petrography, Mineralogy and Geochemistry (IGEM RAS), Russia

### **Scientific Program:**

Session S1 - Structure, Composition and Crystal Chemistry

Session S2 - Geology, Mineralogy and Geochemistry

Session S3 - Properties of Clay Minerals and Layered Materials

Session S4 - Industrial applications of clays and layered materials

Session S5 - Environment and Health, Archaeology and Art

### ***Special symposiums:***

*SS1 - Clays in Oil and Gas Industry*

*SS2 - Clays in Earth-life evolution*
